LOCKSLEY

Robin
The Rebel

Locksley is a teen drama which focuses on a young Robin Hood. Before he was a legend, before he went away to fight in the crusades, Robin of Locksley was an angry teenager with a growing social conscience. The son of the Earl of Locksley, Robin is increasingly disgusted by the injustice he sees in his everyday life, especially amongst the commoners he prefers to socialise with. Unable to act against his father for fear of being cast out, Robin grabs a bow and arrow, dons a hood and decides to take action as an undercover vigilante.

Locksley is a fun adventure series that also focuses on themes recognisable to a teen audience; friendship, love and identity.
